Key Features

Powerplus: A performance that offers more with powerful heater elements for fast heat-up and short cycles. Large drum volume for high laundry loads and intelligent solutions for reliable results - Professional, commercial technology.

Careplus: The patented honeycomb drum ensures laundry is cared for. The profiled pattern on the drum creates a protective film of water on which clothing gently slides.

Flexplus: Profitronic M controls - Freely programmable. Standard programme packages and a total of 199 programme slots. The graphic display combines symbols and text for easy programming and programmes are selected via a rotary dial. The temperatures, holding times, wash times, drum rhythms, spin speeds and dosing are all programmable to suit your needs. Chip card reader fitted as standard.

Ecoplus: A sustainable, cost-effective performance, achieving optimum results using as little water, energy and detergent as necessary. Robust design using recyclable materials for maximum sustainability.

Comfortplus: A simple, user-friendly solution when selecting programmes by using rotary switch and pushbuttons. With a large drum opening for simple loading and unloading.
